* Percent refers to a specified indicator's three-year average, divided by the three-year total average.

** A ranking of 1 means the "best" rate among the subcommunities ranked. The total number of subcommunities ranked is 39, with boundaries conforming to United Way Subcommunities.

~ "Range of Values" displays the lowest and highest recorded rates among all 39 Subcommunities for the given time period.

^ % change in rate between the 2000-02 three-year average and 2005-07 three-year average; calculated using unrounded rates.
